

ISCA Coaches - Teleseminar Interview

Hi everyone, my name is Colleen Roberts and I am the creator and founder of www.colleenscoachingcorner.com.

To gain experience as I want to be hosting my own teleseminar/webinar events I am interviewing and recording other ISCA Coaches and will be very lucky to also interview my mentor, head trainer and creator of the Inspired Spirit Coaching Academy – Sandy Forster. This academy is where I did my training and it is totally life transforming. This is my fourth interview

This evening I am conducting a very special interview with:

Name: **Dianne Wynne**

Business: **Personal Wellbeing Coach**

Website: <http://www.personalwellbeingcoach.com.au/>

Hi, Dianne welcome to the call.

Dianne responds

Please tell me what inspired you to create your business and website or how it came to be?

Wanting to change my life's path and not only improve my own health and wellbeing but wanted to help others improve their own health and wellbeing. The name took about a month or so to work out as I had different variations and once one of the names just rolled off the tongue really easily I knew that was the one to choose. The website well I had been trying to create that for many months starting last year and then in Feb & March with some coaching guidance from another ISCA coach I stepped up and finally finished it early April and then it went live.

What made you become involved in your chosen field or choose what you are doing? What is your story behind it?

I had been working in the banking industry for over 20 years and due to some ongoing health issues I knew I needed to look at changing my life's path, not only for myself but for my family as well. I started attending a number of workshops that Inna Segal presented and over time started to really realise what path I wanted to go on. Since starting with Inna's workshops I have completed a NLP Accreditation, Meditation Course as well as post grad certificates in different areas of Meditation including pre-natal and children's.

ISCA Coaches - Teleseminar Interview

Last year in 2012 I felt I needed to add to this a coaching aspect and that's when I started the research and kept on coming back to Sandy's ISCA course.

Describe your ideal clients, customers or how the information you have learnt can benefit your clients or other people?

I primarily want to work in the area of health and wellbeing due to my own personal life experiences however happy to work with any sort of client.

How long have you been involved or owned your business?

I created the business name in early 2012 and during this year started to take this to a new level with healing clients. I have yet to be consistent with the number of paying clients as yet however I know this is not too far away for me.

What was your ultimate goal when you decided to open your business and has that goal changed?

To be earning a minimum of \$100K within the first 3 years and to eventually open my own healing centre. Not sure about the healing centre side of things now, but you never know!

What community events or charities do you support or sponsor or would like to?

Breast Cancer and Royal Children's Hospital. This year I am donating \$5 from each paying healing/coaching session and \$1 from every person attending a meditation class to the Royal Children's Hospital Appeal for 2014. With Breast Cancer I am participating in the 8km Mother's Day walk here in Melbourne on the 12th May!

What are your accomplishments or do you have anything that you would like to promote?

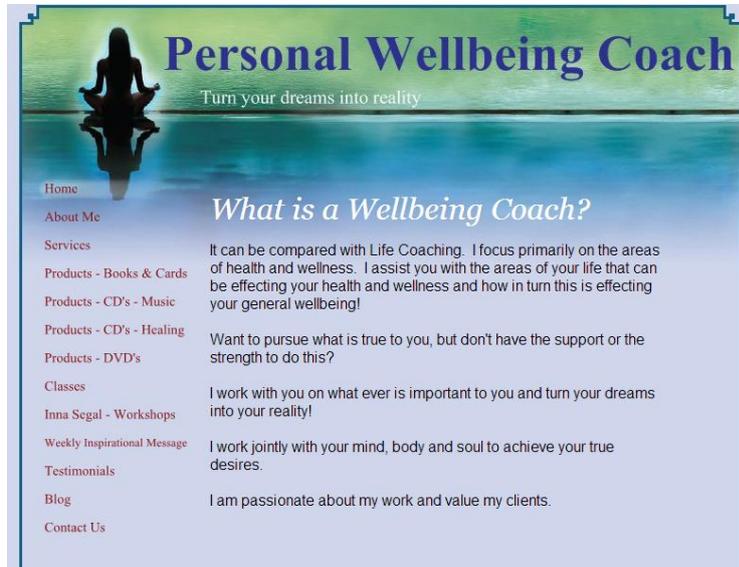

I feel drawn to start teaching Children's Meditation Classes which I do commence this on 8th May at my daughters primary school in one of the classes and feel from starting with children we have an opportunity to make a massive difference. From this I know that I will then attract their parents and other clients for one on one sessions as well as other group classes I can teach.

That brings us to the end of the interview with Dianne

Thank you so much Dianne.

So until next time, remember you don't have to do things by yourself when you hire a life coach as they are in your corner each step of the way.

Goodbye everyone. Goodbye Dianne.
