

## Noelene Dwyer – 11 August 2013

Hi everyone, my name is Colleen Roberts and I am the creator and founder of [www.colleenscoachingcorner.com](http://www.colleenscoachingcorner.com).

This evening I feel so blessed and privileged to be able to interview one of my fellow coaches who did their training with the Inspired Spirit Coaching Academy (ISCA).

Today this special interview is with:

Name: Noelene Dwyer from Melbourne

Business: Inspirations Life Coaching

Website: [InspirationsLifeCoaching.com](http://InspirationsLifeCoaching.com)

Hi Noelene, welcome to the call and how are you today?

*Hi Colleen, thank you for inviting me to be interviewed today. I'm very excited.*

Please tell me what inspired you to create your business and website or how it came to be?

*Well Colleen, I love studying universal laws, I find them just so amazing. So when the opportunity arose to be a part of the Inspired Spirit Coaching Academy - which is a spiritual life coaching academy run by world renowned prosperity and business mentor Sandy Forster, I just had to be a part of that. The Inspired Spirit Coaching Academy trains life coaches to coach people to be their best, using the principles of universal laws. Coaches are able to coach around many different life areas and most coaches will have a specific niche or area of interest that they specifically coach around.*

*The thought of being able to work with women, from anywhere in the world and coaching them to be the best that they can be and all from the comfort of my own home seemed like an amazing opportunity. Even though I really had no idea how that would work - the thing is with universal laws, you really don't need to know the how, you just need to set the intention, detach from the outcome and make a start. The universe will take care of the rest.*

What made you become involved in your chosen field or choose what you are doing? What is your story behind it?

*My dream job for as long as I can remember has always evolved around the idea of working from home. I'm a real homebody and love to be at home, it's my most favourite place. So working with the principles of universal laws to help other women to be their best and achieve their ideal life, as well as being able to do this from home was my perfect business idea.*

*I first found out about Sandy Forster a few years ago when I borrowed her book "How To Be Wildly Wealthy Fast" from my local library, I have my own copy now and love to revisit her story often. I could connect to so much that Sandy had experienced in her own life. She had gone from struggle to living the life of a multi millionaire. I thought if she can do that, so can I. And so my journey of mentoring with Sandy began has evolved from there. I love her teachings.*

Describe your ideal clients, customers or how the information you have learnt can benefit your clients or other people.

*My ideal clients would preferably be women of any age, although I wouldn't say no to an enlightened man who was looking for coaching and was drawn to my particular style.*

*I support inspired women through coaching, to design and then create the life of their dreams. This is achieved using a 12 week coaching program called Inspired to Success. Together, my client and I will work through many different life areas – prosperity and success, overcoming the barriers to success, fun and enjoyment, spouse/love life, personal growth, raising your vibration, health and vitality, business/work and success, family and friends and reflecting and moving forward. It doesn't matter where in the world my clients live as all coaching is conducted over the telephone or through skype, we just need to co-ordinate our time zones.*

How long have you been involved or owned your business and what challenges did you face?

*I have had my website since 2009 but it is still evolving, it's still very much a work in progress. The biggest challenges that I have faced and continue to face are managing my time to get everything done that needs to be done and technical challenges. The information technology world is changing so rapidly, and as I'm not part of a generation that grew up with technology, I really do feel quite left behind at times. Give me a pen and paper any day. As long as I continue to take baby steps, I'll get there in the end.*

## Noelene Dwyer – 11 August 2013

*Having said that, technology is amazing and without it I wouldn't have a website or be able to connect via skype, so it's a great advancement but can be very scary. Like anything, it's easy when you know how and if you don't know how then it's really scary. You just have to feel the fear and do it anyway and learn as you go. Just take baby steps.*

What was your ultimate goal when you decided to open your business and has that goal changed?

*My ultimate goal in building a home based business was to have the freedom to work when I wanted to work, around family commitments, to always be home for my children when they needed me and to be financially secure and free from debt. I'm still not where I want to be as I'm still working in the paid workforce whilst I am continuing to build my business and brand. My goal has changed as my children are now older and not dependent upon me and I also need to have enough time and finances available to devote to expanding and improving upon what I already have, which I am always very grateful for.*

Can you share any community events or charities that you support or sponsor?

*One of my main passions in life is animals. So I regularly financially support animal welfare. I donate to Edgar's Mission Farm Sanctuary which is a not for profit sanctuary for farm animals providing lifelong love and care for over 300 animals.*

*Please take a look at their website [www.EdgarsMission.org.au](http://www.EdgarsMission.org.au) and I urge you to donate if you can. All donations of \$2 or more are tax deductible, and it is such a worthwhile charity to support financially.*

*I also support Guide Dogs Victoria. Each state in Australia has their own branch of the Guide Dogs. For those listeners who are from overseas, Guide Dogs train Labradors for the vision impaired to be the eyes that they don't have. Guide Dogs have great quality products that can be purchased from their catalogue and they have the most adorable Christmas and birthday cards to purchase with beautiful photos of Labrodor's.*

*Take a look at the websites [www.GuideDogsAustralia.com](http://www.GuideDogsAustralia.com) or [www.GuideDogsVictoria.com.au](http://www.GuideDogsVictoria.com.au)*

And finally, what are your achievements or do you have anything that you would like to promote?

*I became a published author in 2009 in the compilation book **Sprout Wealth** published by Sprout Publishing. Different women, including myself and Sandy Forster, share stories of business and success using the law of attraction. This book is available for purchase through my website.*

*I became an Inspired Spirit certified coach in 2009 and I am presently retraining to keep myself up to date with new teachings.*

*I would also like to promote my instantly downloadable free special report **The Basic Recipe for Living The Life You Love**, which is valued at \$17. This is available free on my website [www.InspirationsLifeCoaching.com](http://www.InspirationsLifeCoaching.com) just for signing up and becoming a part of the Inspirations Life Coaching community. And as I respect your email privacy, your details will never be shared with anyone.*

*I have information on my website on affirmations, goal setting, gratitude journaling, meditation, time management, creating a vision board or book universal laws and I have a blog page where I regularly add articles of interest. In the future I may offer small group **How to Be Wildly Wealthy Fast** trainings.*

*I invite everyone to go to [www.InspirationsLifeCoaching.com](http://www.InspirationsLifeCoaching.com) and just take a look, you never know what you might find.*
