

Tracey Lee's Interview – 27 July 2013

Hi everyone, my name is Colleen Roberts and I am the creator and founder of www.colleenscoachingcorner.com.

This evening I feel so blessed and privileged to be able to interview a beautiful daughter of a friend of a family I have known all my life. Creating beautiful nails as her main hobby, and relaxing with craftwork making things such as casserole holders, crochet items, boutique hair bows and various other sewing/craft projects.

Today this special interview is with:

Hi Tracey-Lee welcome to the call and how are you this evening?

Tracey-Lee responds

Please tell me what inspired you to create your business and facebook page and how it came to be

It started with me doing my own nails and getting a few comments about how the quality of my nails was different from the average nails coming out of the shops and some salons, with that I was asked if I did clients, did I have a business or a card, Facebook page etc.

This was exciting that people wanted something different and unique so with demands of some friends I made a private facebook page and started doing some friends, friends of friends and their friends. They would give my name and number to people who stopped them at shops and other places.....

What made you become involved in your chosen field or choose what you are doing? What is your story behind it?

I used to be a Chef, loved what I did, worked with some famous chef people such as Kylie Kong, Luke Mangan, Bill Granger and cooked for Prince Charles when they came to Perth...

Then I fell pregnant and realised I couldn't continue my career as a chef as I needed to be a devoted Mother.

My daughter was about one and a half when I was thinking "what was I going to do with my life that I could work around being with my daughter and not to have her placed in to full time day care?" II was walking past a beauty salon and I thought I could do that and maybe eventually work from home in my own hours,

So I looked into getting a Cert III in Beauty Therapy and with finance help from my mother achieved my Cert III and started working part time at a beauty salon as a Nail Technician plus doing other services.

Describe your ideal clients, customers or how the information you have learnt can benefit your clients or other people?

My clients are ones who understand that to have some beautiful nails can take some time, it's an art not just a job, it usually can take one hour and a half for a basic French to two hours with some art and they always get so many compliments.

My clients also know that the products I use are the highest quality and are safe to their Health and well being. I am always looking to see what products are coming out that will be better than what I am currently using.

How long have you been involved or owned your business?

I have been qualified for nearly four years. I worked for two years then had a year off for my second daughter and have started back up again for almost a year. My facebook page I started back in February this year 2013.

What was your ultimate goal when you decided to market your hobby and has that goal changed?

I didnt really have a goal I loved what I do, I just keep trying to keep up with the new arts that come out and put them to practice to create something different and exciting.

And finally Tracey Lee what are your achievements or do you have anything that you would like to promote?

I have not only got my qualification iv also sort out some add on classes through different nail company's on how to do art I have done such as:

-  Basic reverse training and advance art class through Young Nails
-  3d art with Indigo,

I have an upcoming training course in early August learning how to do One Stroke Realistic Flower and Art Painting and Aquarelle Art which is learning to water paint with acrylic which is exciting for me.

I also want people to be aware that " you get what you pay for" that I am qualified at what I do and make sure each client has their own file kept in an envelope with their name clearly on front and all equipment cleaned after each service which is hard to find in a shop service and some salons.

That now brings us to the end of our interview with Tracey Lee this evening. Tracey Lee can be contacted through her facebook site **Nail Loving** or the link below:
